

Creamsource Power Adapter Lead XLR3 Panavision Polarity

Outsight Creamsource Power Adapter Lead XLR3
Panavision Polarity

Reference: CS-PWR-XLR3P

EAN13: -

Use this adapter cable to run your Creamsource Doppio directly from batteries with a 3 Pin XLR socket. It has a Neutrik XLR plug on one end of the cable, and Amphenol Ecomate connector on the other which can be coupled directly to the standard 5meter power cable supplied with the Creamsource.

This cable is wired with the 'Panavision' polarity (Pin1+, Pin2-).
