

Stella Pro 5000 US/JP

Stella Pro is the most compact, powerful, rugged, portable, cord-free LED light in the industry. The completely waterproof design has a built-in Li-ion rechargeable battery that runs for 90 minutes on full power. Plug in the external power supply for longer shoots. Stella Pro's smooth, even, 120-degree beam can be easily shaped and modified to provide a light that renders colors beautifully with consistent, reliable, regulated output. With a wide range of mounting options, lighting modifiers, and portable power, you can do things not possible with conventional lights.
