Flat Port DM (Stella EL)

The Light & Motion Stella Flat Port DM covers and protects the COB LED array on the STELLA Pro 8000 EL. The Stella Pro 8000 EL ships with the Flat Port DM. It easily attaches directly to the Stella Pro 8000 EL. The Flat Port DM can removed to use the other Direct Mount modifers including: Stella Dome Port DM, the Stella 50-Degree Optic DM, and the 3 CTO Gel Set DM.
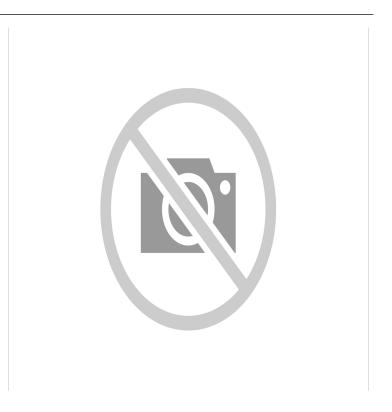

PRODUCT HIGHLIGHTS
Covers and Protects the COB LED Array
Attach Directly to the Stella Pro 8000 EL
Use in combination with Elinchrom Light Shaping tools or 3rd-party softboxes to further soften the light output.

Compatible accessories: Elinchrom Light Shaping tools, Barn Doors Modifier, 82mm, El Modifier Interface.
