

2-SHOT KIT (200 Series)

The XTENDER® 2 Shot Articulating Arm Kit with micro adjustable friction based panning and tilting. Perfect for your monitor or digital recorder.

Reference: X-TS-200

EAN13: 859005002591

The XTENDER® 2-SHOT KIT (X-TS-200) features the totally updated X-MC-200 Straight Arm. This 2" arm is stronger than the previous model and has the ability to micro adjust and lock the tension.

This arm is great for supporting lights, small monitors and digital recorders up to 2" away from the camera. This arm mounts 1/4"-20 female or male to accessory and 1/4"-20 or shoe to camera.

This kit is recommended for DSLR's, ENG and Mid Size Cameras.

This kit includes:

- 1- 2" XTENDER® Straight Arm (X-MC-200)
- 1- High Torque Shoe Mount (X-HTSM-10)
- 1- 1/4"-20 Locking Screw Mount (X-LCSM-10)
- 1- Dual Tightening Monitor/Light Mount (XL-MM-20)
