
210 Friction Mount For Apollo and Odyssey 7 Series Monitor/Recorders

This Friction Mount Kit is perfect for the Convergent Design Odyssey and Apollo Digital Recorders. This version also includes Friction Panning.

Reference: X-FM-210-OD
EAN13: 859005002720

The sleek designed XTENDER® X-FM-210 Friction Mount is extremely durable and can handle more weight than ever before. With the slight turn of a knob you now have the ability to micro adjust both the panning and tilting friction of the mount. This kit was designed specifically for the Convergent Design Odyssey 7, 7Q, 7Q+, Apollo and Titan Monitor/Recorders.

The Right Angle Adapter has a Anti-Twist Lock which fits snugly on the back of the Odyssey and Apollo preventing it from rotating.

The Kit Includes:

- 1 XTENDER® 210 Friction Mount (X-FM-210)
- 1 Right Angle Adapter (X-FMRA-10) with Anti-Twist Lock

-
- 1 High Torque Shoe Mount (X-HTSM-10-FM)
 - 1 Locking Camera Screw Mount-1/4"-20 Mount (X-LCSM-10-FM)
