

210 Friction Mount for ATOMOS Inferno and Flame Series Monitors/Recorders

The 210 Friction Mount for ATOMOS Inferno and Flame Series Monitors/Recorders was specifically designed to keep the units from twisting.

Reference: X-FM-210-A
EAN13: 859005002829

Our customers asked and we listened. Introducing the XTENDER® (X-FM-210-A) Friction Mount for ATOMOS Inferno and Flame Series Monitor/Recorders. The mounts are extremely durable and can handle more weight than ever before. With the slight turn of a knob you now have the ability to micro adjust both the panning and tilting friction of the mount. This kit was designed specifically for the ATOMOS Inferno and Flame Series Monitors/Recorders.

The ATOMOS No-Twist Adapter was designed to fit snugly on the top or bottom of the ATOMOS Monitor/Recorder to prevent the unit from twisting .

This kit will work on virtually any camera or rig with a shoe or 1/4"-20 mount.

The Kit Includes:

- 1 XTENDER® 210 Friction Mount (X-FM-210)
- 1 ATOMOS No-Twist Adapter (X-ANTA-10)
- 1 High Torque Shoe Mount (X-HTSM-10-FM)
- 1 Locking Camera Screw Mount-1/4"-20 Mount (X-LCSM-10-FM)
