

210 Friction Mount Cinema Kit

Introducing the All New 210 Friction Mount Cinema Kit from XTENDER. Now with Friction Based Panning and Tilting Features.

Reference: X-CN-210
EAN13: 859005002775

The sleek designed XTENDER® X-FM-210 Friction Mount is extremely durable and can handle more weight than ever before. With the slight turn of a knob you now have the ability to micro adjust both the panning and tilting friction of the mount. Looking for a great mount for your monitor, light, digital recorder, etc., well this is it!

This kit is recommended for virtually all cameras.

This assembly gives you the ability to mount the Friction Mount in many configurations. You can mount a monitor, light, recorder, etc...on a light stand, shoe or 1/4"-20 threaded mount. The included Shoe Adapter allows you to convert a 1/4"-20 thread into a shoe mount.

The Kit Includes:

- 1 XTENDER® 210 Friction Mount (X-FM-210)
- 1 Offset Adapter (X-FMOA-10)
- 1 Right Angle Adapter (X-FMRA-10)
- 1 High Torque Shoe Mount (X-HTSM-10)

1 1/4"-20 Mount (X-LCSM-10)
1 Universal Light Post Adapter (X-LPA-200)
1 Shoe Adapter (X-CSR-10)
