

High Torque Shoe Mount for Friction Mount

Want to add a High Torque Shoe Mount to your XTENDER® Friction Mount? Well this is the accessory you need to accomplish that.

Reference: X-HTSM-10-FM

EAN13: 859005002706

The XTENDER® (X-HTSM-10-FM) High Torque Shoe Mount allows you to get that extra tightening grip you need to lock in the Friction Mount. The 1.5 inch diameter knob allows you to get more leverage when tightening down the shoe mount.

This kit comes with two extra mounting screws.
