

Dual Tightening Monitor/Light Attachment

If you've been looking for a 1/4"-20 threaded tightening accessory for your camera rig, the XTENDER® Dual Tightening Monitor/Light Attachment is here.

Reference: XL-MM-20
EAN13: 859005002515

The XTENDER® (XL-MM-20) Dual Tightening Monitor/Light Attachment will attach to any 1/4"-20 female threaded fixture. Plus, it will lock into the upper arm of the XTENDER® so that you can attach a 1/4"-20 accessory such as a Zylight, Lite Panel, Zoom, Nano Flash, Small Monitor, etc... The dual wheels will allow you to tighten both ends of the stud to your accessory and your camera.
