

Friction Pantograph - Top 4C

The TOP 2C and TOP 4C are manual operated friction pantographs for single loads of up to 18 kg (39.7 Lbs). TOP 2C extends 2 m (6'-6"), TOP 4C 3.8 m (12'-5").

Reference: FF3514

EAN13: -

The TOP 2C and TOP 4C are manual operated friction pantographs for single loads of up to 18 kg (39.7 Lbs). TOP 2C extends 2 m (6'-6"), TOP 4C 3.8 m (12'-5").

The innovative design of the pantograph allows lights to be placed closer to the ceiling than ever before. A complete new range of top and bottom attachments have been designed to reduce at minimum the closed length. Entirely produced in Aluminum (P-Al MgSi UNI3569) and according to DIN 15560-46 it is available in two different extension: 2 m (79") and 3.8 m (150") long. The load is supported by a steel cable of 2 mm diameter (safety factor 12). Loads up to 12 kg (26.4 Lbs) can be supported by the patented friction device, while loads up to 18 kg (39.7 Lbs) require the use of optional springs.
