

GHOST 5kW SUSPENDED FILL LIGHT

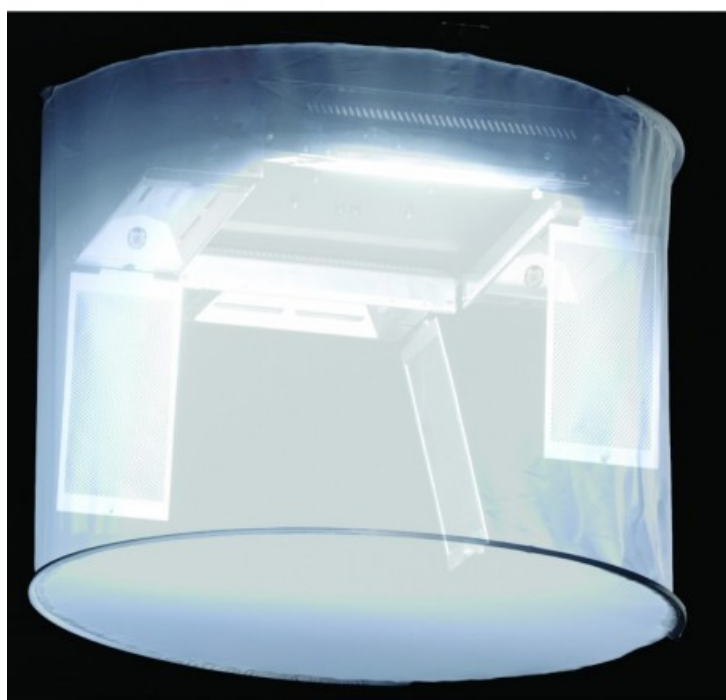

The main body is fitted with (4) lamp compartments

Each lamp compartment is individually tilt adjustable

Easy lamp replacement

Reference: 27771

EAN13: -

Ghost 5kW fill light is designed to give a broad and even lighting coverage from overhead suspension.

Particularly attractive for use in film, television and exhibition environments, utilizing the white diffuser cone. All four 1250W lamp compartments are individually tilt adjustable, especially useful when using the black (spot) diffuser cone.
