

SUMOSPACE Yoke

Yoke Mount with Baby/Jr. Pin Adapter

Reference: 01-03-00-00

EAN13: -

The Ultralight Yoke is fixed at two points to the sides of the SUMOSPACE, providing an axis of rotation. The base of the Yoke has a Baby/Jr. Pin, providing a second axis of rotation. Combined together, these two axis allow the fixture to point nearly anywhere in a spherical range of motion encircling the yoke.
