
Super Mount

Super Mount for 7 SUMOSPACE fixtures (7x Flat Mount, Complete Trusspole Support Frame)

Reference: 01-05-11-00

EAN13: -

The Super Mount system comprises of custom SUMOLIGHT components allowing you to combine multiple SUMOSPACE's giving you the possibility to position them perfectly for the best coverage and reduction in shadowing. We constructed the Super Mount system and its components out of high-quality aluminum, keeping the system lightweight and rust free. The Super Mount can easily hang overhead from a 50mm thick Truss, mount vertically on two conventional light stands or suspend off a hydraulic crane for outdoor sets. The mounting possibilities are endless! The Super Mount is built to order. Available only for SUMOSPACE fixtures.
