

Fresnel LED daylight

- The output equivalent to HMI 575W
- Wide range of light beam angle 15°~76°
- Very high CRI 95%
- Strong output with very compact size which only 9 kg around.
- DMX control

Reference: ZOOM 200D
EAN13: -

The Visio Light ZOOM-Series is the Fresnel LED fixture with strong output and full advantages of LED technology which created for the replacement of traditional HMI and Tungsten. ZOOM-Series provide strong output, focusable, even and smooth light source, and giving us a single, shape shadow.

Caractéristiques :

Poids (kg): 9

Consommation / Puissance (W): 200

IP: 20

CRI/CQS: 92-95

Température de couleur: 3200K (+/- 100 K)/ 5600K (+/- 100 K)

Alimentation: 90 - 250 V AC, 50 - 60 Hz

Angle beam: 15° - 76° (Half Peak Angle)

Contrôle: 5-Pin DMX/ On-Board Control/ Bluetooth Control

Couleur: black

Durée de vie des LEDs: 50,000 heures

certifications: CE

Fixation: 16 mm / 28 mm spigot

Connecteur d'alimentation: powercon

Diamètre de Lentille: 175 mm
