

## V-Mount Battery Plate with Quick Release Fitting DC Cable D-tap to NL2FX 50cm

V-Mount Battery Plate with Quick Release Fitting and DC Cable with a length of 50cm from D-tap to NL2FX.

Reference: 10202207

EAN13: 4250972500855

V-Mount Battery Plate with Quick Release Fitting and DC Cable with a length of 50cm from D-tap to NL2FX. The V-Mount power pins can't support the high current of the Rayzr 7 300 reliably, therefore the V-Mount adapter plate should not be used with the 300 Daylight version.

In combination with a 14.4V V-Mount battery can power the Rayzr 7 200BM.

In combination with a 26V V-Mount battery can power the Rayzr 7 200 Daylight and 300B.
