The Strobe from Robe could not be anything but THE brightest, best value, most sophisticated strobe-blinder effects unit on the market. Ultimately controllable, configurable and arrayable. Super fast bursts of high powered pulses can be adjusted in frequency, duration and intensity, optically harnessed from the 120x High Power White LED chips. Easy to rig individually or in multiples and easy to program, using direct segment control or the pre-defined macros. The Strobe has a splash proof housing that can temporarily be exposed to rain when installed on the front truss or used as a floodlight
