

Ambiane TD Tungsten Dim

Reference: Ambiane-TD-Tungsten-Dim
EAN13: -

Ambiane™ TD (Tungsten Dim) utilises high technology electronics reducing the luminaire's colour temperature when dimmed. With Anolis' ultra-smooth 18 bit dimming, variations in warm white light from 3 200 K down to 1000 K are achievable, giving Ambiane™ TD the true feel of a traditional incandescent dimming curve.
