
ROBIN ParFect 150

Including Accessory frame adaptor. Barndoor, Gel Frame, EggCrate and cables not included.

Reference: ROBIN-ParFect-150

EAN13: -

An LED source ACL beam at an affordable price made in Europe, now with zoom included. ParFect 150 is a static, zoomable version of the successful LEDBeam 150 and retains all the key features including both CMY & RGBW colour control, 18-bit dimming, Tungsten emulation, selectable & variable colour temperatures and the powerful punchy beam ranging from 3,8° to 60°. The compact and lightweight moulded composite unit includes a combined hanging bracket/floor stand. Accessories such as barn-doors and the gel frame give ParFect 150 the features required for TV and theatre.
