
ROBIN ParFect S1 12°

Reference: ROBIN-ParFect-S1-12

EAN13: -

A powerful single source LED luminaire designed specifically to provide the highest quality of light. Available in different colour temperatures to suit the application - from crisp 6.000 K white for exhibition/display, through 4.000 neutral white for shops to a warm 3.000 K or 2.700 K for stage performance. High resolution DMX dimming and a native 12° output, make it universally appealing. Designed and built entirely at our Czech facility in a lightweight composite material finished in either black or white. Supplied complete with gel frame, detachable barndoor set and swivel floor stand/hanging bracket. Very competitively priced and offered with a full complement of additional cost options including: beam diffusers and plug-in wireless DMX module. The S1 is coming with full DMX controlling functionality, which enables it to be remotely managed and programmed from DMX lighting desks.
