

LiteWare Satellite2 Head

Reference: 10070722

EAN13: -

ROBE

With a remote, fully adjustable head offering 340 degree pan and 170 degree tilt, focusing your light anywhere has never been easier. Additional LiteWare™ Satellite can be instantly modified with the use of the innovative, internally wired extendable pole to offer elevation between 1.7 m - 2.6 m. The poles offer a weather proof quick lock mechanism to ensure maximum speed of deployment. It can provide a straightforward, quick-and-easy-to-rig cable-free system to light presenters in boardrooms and other small conference situations, or can be used to provide convenient working lights, festival site/tech area lighting or even in the back of trucks! All the cables are integral to the pole which has a connector at each end and it can be wireless controlled.
