

Double Collier orientable 360 degrés SLIMLINE SWL 300kg

DO DT58098

Principales caractéristiques

Double Collier orientable 360 degrés SLIMLINE SWL 300kg . (Ref : DO D/T58098)

Slimline Lightweight Swivel Coupler

A pair of high tensile extruded slimline aluminium clamps back to back and designed to swivel, allowing a 360° rotation. They are suitable for 48mm to 51mm diameter tubes and are 30mm wide. Ideal for trussing as it will not damage the cords. Available in polished silver or powder coated black.
