

Double Collier orientable SWL 750kg NOIR

DO DT57110

Principales caractéristiques

Double Collier orientable SWL 750kg NOIR . (Ref : DO D/T57110)

Doughty Swivel Coupler

The industry standard swivel coupler, consists of a pair of high tensile extruded aluminium clamps back to back and designed to swivel 360 degrees, that are suitable for 48mm to 51mm (1.89" - 2.01") diameter tubes. It has a WLL of 750Kg and uses a pair of 50mm (1.97") wide clamps. Ideal for trussing as it will not damage the cords.

Available in polished silver or powder coated black.
