

Double Collier perpendiculaire SWL 750 kg

DO DT57102

Principales caractéristiques

Double Collier perpendiculaire SWL 750 kg . (Ref : DO D/T57102)

Doughty 90° Fixed Coupler

The industry standard 90 degree fixed coupler, consists of a pair of high tensile extruded aluminium clamps back to back, locked at 90 degrees that are suitable for 48mm to 51mm (1.89" - 2.01") diameter tubes. It has a WLL of 750Kg and uses a pair of 50mm (1.97") wide clamps. Ideal for trussing as it will not damage the cords.

Available in polished silver or powder coated black.
