

## **Double colliers orientable 360 degrés SWL 100kg pour SIXTRACK**

DO DT63785

### **Principales caractéristiques**

Double colliers orientable 360 degrés SWL 100kg pour SIXTRACK . (Ref : DO D/T63785)

Swing Arm Boom For Sixtrack

Consists of a pair of high tensile extruded aluminium clamps back to back designed to swivel. Suitable for 48mm to 51mm diameter tubes one end and 25mm tubes the other. Specifically designed to allow single track lengths to be mounted to trussing, scaffold tubes and lighting bars.
