

Fresnel F8-100 3200K

ZY 2601019

Principales caractéristiques

F8-100 Tungsten LED Fresnel Light 3200K - Includes: F8-100 LED Fresnel Light-Tungsten Balanced, F8-100W Power Adapter, AC Adapter Bag, Barn Doors, User Guide, Safety Chain (Ref : ZY 26-01019)

The F8 LED Fresnel from Zylight is the next generation of Fresnel lights. All of the hallmarks of a traditional Fresnel light are present; single shadow beam shaping through barn doors, continuous focusing and a smooth light field. The Zylight F8 adds wireless and DMX control, AC/DC powering, water-resistant IP54 rating, and very rugged construction for field reliability. Available in both 100 or 200w Tungsten and Daylight color temperature versions as well as a 365nm UV Black Light version, the Zylight F8 is extremely compact, durable and one of the most versatile Fresnel lights on the market.

Thin & Lightweight Design
High CRI/TLCI Up to 97 CRI
