

## Intensifier Optic 50 Degres - 6 optiques - SpaceX

CS CSXOPT50

### Principales caractéristiques

Creamsource SpaceX Intensifier Optic 50 degres -6 -. (Réf : CS CSX-OPT-50)

The Creamsource SpaceX Intensifier Optic 50° Set of 6 takes the native 115° beam angle of the SpaceX and narrows it down to 50°. This as a result doubles the intensity of the already punchy SpaceX.

The 6 Lenses attache to the SpaceX with a standard bowens style 3 prong mount locking firmly into the fixture.
